

Wray Scarecrow Festival and Fair 2015

Organised on behalf of Wray Village Institute

Registered Charity No 1088712

To whom it may concern,

Wray Scarecrow Festival and Fair is a long established May Day Event run in the Lune Valley. Visitor groups are drawn from throughout the North West for the period of the festival with coach trips coming from Leeds, and Liverpool areas, various school and nursing home visits.

Mr George Sharland and various family members have provided us with various fairground attractions for over 10 years. The organising committee have found the family to be polite and approachable. They run a tidy site, and are sensitive to the wishes of nearby residents for example by not placing residential caravans near to the houses and by operating a sensible noise curfew. Insurance documents and certificates of operational compliance are always available when requested.

Yours sincerely,

Deborah Perrins
